DANISH DESIGN MADE IN DENMARK

Edge by Hammel is a furniture range with an edgy and stylish minimalist, handle-free aesthetic. The range is designed and manufactured in the heart of Denmark by Hammel Furniture, a company dedicated to combining craftsmanship, quality and exceptional design down to the smallest detail. The Edge by Hammel series was born from the meeting of Danish design and urban living. It combines the vibrant energy of the big city with the functionality of nature and flexible design, giving you ample opportunity to personalise every room in your home.
